

High Speed Internet Terms and Conditions:

- 1) By subscribing to High Speed Internet service from Central Scott Telephone or its subsidiary CS Technologies ("CST"), you ("Customer") agree to the following Terms and Conditions.
- 2) Customer agrees to comply with the "Acceptable Use Policy" as posted online. This policy may change from time to time. The current version of the "Acceptable Use Policy" is posted at www.centernalscott.com or www.cstech.com.
- 3) CST may modify these Terms and Conditions from time to time. The current version of the Terms and Conditions is posted at www.centernalscott.com or www.cstech.com.
- 4) The Customer is expected to make timely payments for services provided. A late payment fee may be imposed. If the Customer is permanently disconnected for non-payment an early termination fee will be billed before the account is sent to collections. If Customer requests a reconnection of a service suspended for non-payment a \$25 charge may apply.
- 5) CST assumes no responsibility for recovery or storage of your data.
- 6) CST makes no express or implied warranty of any kind. CST makes no attempt to verify accurate receipt of any message and is not responsible for any loss of data resulting from delays, non-deliveries, incorrect deliveries or service interruptions, including those caused by the negligence, errors, or omissions of CST or consequential damages regardless of cause.
- 7) This agreement shall be governed by the laws of the state of Iowa.
- 8) Either party may terminate this agreement at any time. Customer is obligated to pay for service as detailed on the final invoice. The termination of service prior to the end of an agreement term does not remove the Customer from any financial obligations related to the term agreement. When service is terminated prior to the end of an agreement term, the Customer will be billed an early termination fee equal to 50% of the remaining term.
- 9) Any term agreement will become effective with the date of installation.
- 10) CST reserves the right to charge for usage in excess of a 1,000 GB per month allowance for all High Speed Internet services ranging from 4 Mbps to 100 Mbps. High Speed Internet services above 100 Mbps will carry a 5,000 GB usage allowance.
- 11) High Speed Internet service may not be resold or otherwise provided to third parties that are not a part of this Agreement.
